

Homework Friday 3rd May 2024

This week we have been learning about giving directions. We have been using the vocabulary left, right, forwards and backwards. This week you need to choose places for the aliens to visit. You need to write clear instructions for them to follow. Remember to pretend you are the alien and think about which way you are facing. For example, to get to the beach you could say 'backwards 1 square, right 1 square.'

Giving and Following Directions

Star challenge:

Design your own aliens and places to visit in the grid. Then give someone instructions to follow. Ask them to check your work.
