

Daniel Davis – Chair - Co-opted Governor I have lived in the Chelmsford area since 1995 and moved to Great Baddow in 2013. Our son was born in 2019 and now I would like to put something back into the community. What better way to do that than support the growth and development of the future. I hope that the governor role will also better enable me to support my son through his education. I have undertaken many roles since my Chemical Engineering degree and have supplemented my professional development with an MSc in Water and Wastewater Technology and a BSc in Business Studies with Economics. Most of my roles have been in an operational management capacity and I worked for 22 years in the Water Utilities sector before moving into Telecommunications and then since 2019 Surveying. As a Chartered Manager and Chartered Environmentalist using my leadership and operational knowledge and skills I will support the team and strive to enable the school to meet its objectives and ensure our children are given the best education.

Nicola Cannon – Co-opted Governor I have operated as a governor at BHIS since 2016. I have worked at NatWest for over 10 years in various business management positions. My roles have given me experience and transferable skills in financial budget management, project management, and customer experience improvement. The climate has meant that a key focus has been 'more for less' and has given me significant exposure to HR management and cost reduction exercises. I am a parent of two children who attend a local junior school, which has given me a 'customer' perspective of primary schools in Essex, enabling me to make an objective contribution to Baddow Hall. I have lived in Chelmsford for most of my life, and am also a school's volunteer for careers advice and financial education programmes.

Penny Barnacle – Staff Governor I have worked at Baddow Hall Infant School since January 2007, and have undertaken various different roles during this time. I live in Great Baddow with my two grown up sons. I enjoy going to the gym and going out walking with my dog and camera.

Adam Barter – Co-opted Governor I graduated from Bournemouth University after studying a degree in accountancy and finance. Upon graduating, I went on to complete my professional accountancy qualification. I have had several industry roles providing budget and financial management expertise to leadership. I have recently completed an MBA with the University of Exeter. Governors for Schools, an organisation which matches professionals with schools in need of new governors, advertised at my workplace. I look forward to sharing my experience and expertise and helping the school deliver an excellent education for its students.

David Chatterjee – Co-opted Governor I graduated from Lancaster University in 2011 with a degree in History. For several years I worked in wine retail management, before moving into the charity sector to the British Educational Research Association, where I currently work as Finance and Governance Manager. I have built up a wealth of experience in budget and financial management, as well as providing feedback to, and holding the board to account. I have decided to become a school governor to give back to my local community and I am passionate about education. I also volunteer for GoodGym, a charity where we run in groups to undertake physical tasks for community organisations, and I volunteer with alpacas at the weekend!

Sarah Lane – Parent Governor I moved to Chelmsford in 2012 and have lived in Great Baddow since 2017. My son joined Baddow Hall Infant School in 2022 so naturally I have a keen interest in the school and want to use my skills and expertise to support it, making it the best it can be for our children. I studied fashion management at university and on completing my degree trained to become a chartered accountant. I have been ACA qualified for over 12 years and have experience working with various businesses, including retail, technology and construction. My main roles within industry have been working as a finance manager where I have collaborated with people at all levels across the business to analyse business performance, financial information and budget management.

I care passionately about the environment and sustainability and am keen to help the school support both our children's education and their future.

Carla Dietrich – Parent Governor I have lived in the UK since 2014, first London and in 2021 moved to Great Baddow. With my child going to BHIS I am able to reflect how the school is perceived by the pupils and parents. I aim to bring a different perspective to the strategic management of the school.

I am a compliance professional with over 20 years experience in both retail and corporate & investment banking in Germany and the UK. I began working in a retail branch and currently I now undertake reviews and tests within Compliance, Corporate and Investment Bank.

With my experience through work I aim to support the team and the school to meet its objectives and ensure we are always striving for improvements, so we can provide the children with the best outcome from their education.

Charlotte Goold – Co-opted Governor I moved to Chelmsford in 2019 after completing my undergraduate degree in History at the University of Warwick. I then joined a professional services firm as an auditor and qualified as a Chartered Accountant in 2022. As an auditor, my role is to challenge senior leadership across different financial services clients on the faithfulness of their financial reporting, and the robustness of their controls environment. I believe this will help me be an effective governor for Baddow Hall Infant School. I also have experience in preparing accounts as I worked as a fund accountant for a year. I'm very passionate about making a difference in our local community and hope to be a great asset to the governing body.
