

Homework 10/05/2024

Look at the three images. Talk about the similarities and differences together.

If they get stuck, prompt them to think about:

- appearance
- what they do
- where they might be found
- materials and their properties

Once discussed, children to write in sentences which one they think is the odd one out and why. Children should use the word 'because' to explain their answer. Children may be able to think of more than one answer!
