Welcome to Baddow Hall Infant School

“Pupils are happy at Baddow Hall Infant School. Pupils say they feel safe and can speak with a trusted adult about any worries or concerns. Pupils are kind and respectful towards each other. Starting in Reception, staff are caring and nurturing and help children to learn the school routines quickly.”

Notes

we are trying to build up [redacted] finger strength in order to help him to hold a pencil effectively. You can help at home by encouraging him to open and close clothes pegs, use kitchen tongs to move cotton balls and to try to write his name as often as possible. It is just as important to bring him to the park and encourage him to climb on climbing frames and hang on and move along monkey bars.

Assessments

Physical Development → Moving and Handling → 22-36 months

May be beginning to show preference for dominant hand.

Thank you very much for the ideas. I have noticed that after holidays his interest in any kind of art like drawing or painting went really down. But he likes clothes pegs and kitchen tools:) I will definitely use all your ideas. Thank you.
