

Homework Friday 2nd October 2026

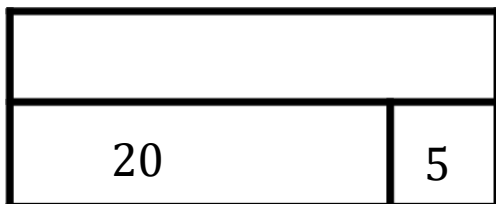

This week we have been using bar models and part whole models to help us with our addition and subtraction. When we are finding the 'whole' we add the two 'parts'. When we are finding one of the 'parts' we subtract. Find the answers to the word problems below.

Miss Storey finds 60 footballs in the shed. Then she finds 2 more. How many does she have now?

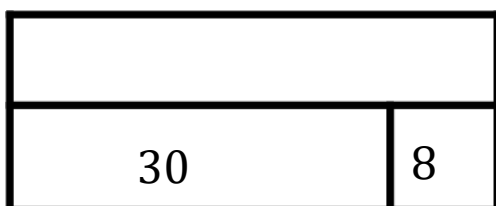

$$60 + 2 = \underline{\hspace{2cm}}$$

Mrs Bingham reads 20 books. Then she reads 5 more books. How many books did she read altogether?

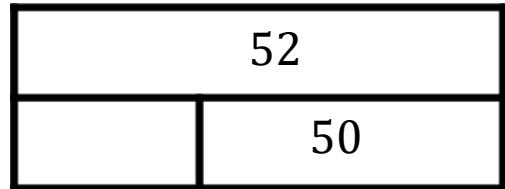

$$\underline{\hspace{1cm}} + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

There are 30 cakes in the bakery. 8 more are baked. How many cakes are there altogether?

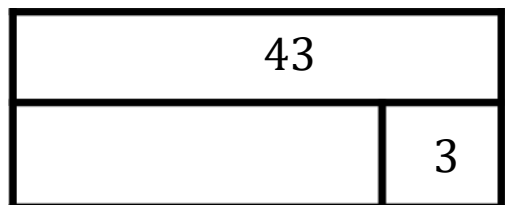

There are 52 bricks in the toy box altogether. 50 of them are large bricks. How many are not large bricks?

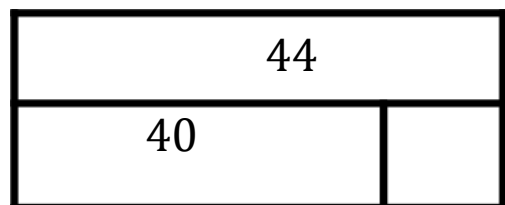

$$52 - 50 = \underline{\hspace{2cm}}$$

Miss Storey had 43 skipping ropes. She gave out 3 ropes in PE. How many are left?

$$\underline{\hspace{1cm}} - \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

Mrs Bingham had 44 books. She gave away 40 books. How many books did she have left?

Spelling

The children can choose 5 words to practice from the list below. They can do across and down or pyramid writing:

M a y

a

y

M

Ma

May

January

February

March

April

May

June

July

August

September

October

November

December
