

Friday 1st December 2023

In preparation for our learning about shapes in Maths next week, we would like you to be Shape Detectives and find as many different 2D and 3D shapes around your home and garden as you can. Can you tell us what the real-life object is and the shape (or shapes) that you have found in it?

- cereal box - cuboid, rectangles, squares
- can of soup - cylinder, circles

We look forward to seeing all the shapes you discover.

You can record this by taking photos and posting them on ClassDojo.
