

Homework 11.09.2026

This week in Maths the children have been learning about ordinal numbers. We use ordinal numbers to talk about order and position. For homework this week we would like you to go outside and collect 10 natural objects. Order the objects in size from largest to smallest. Then label the objects with their ordinal numbers (1st, 2nd, 3rd, 4th etc).

1st first	2nd second	3rd third	4th fourth	5th fifth
6th sixth	7th seventh	8th eighth	9th ninth	10th tenth

Please take a photo of your work to either post on class dojo's or print out and stick in the homework book.
