

This week in English we have been learning about fishing and how we should look after the sea.

Activity 1:

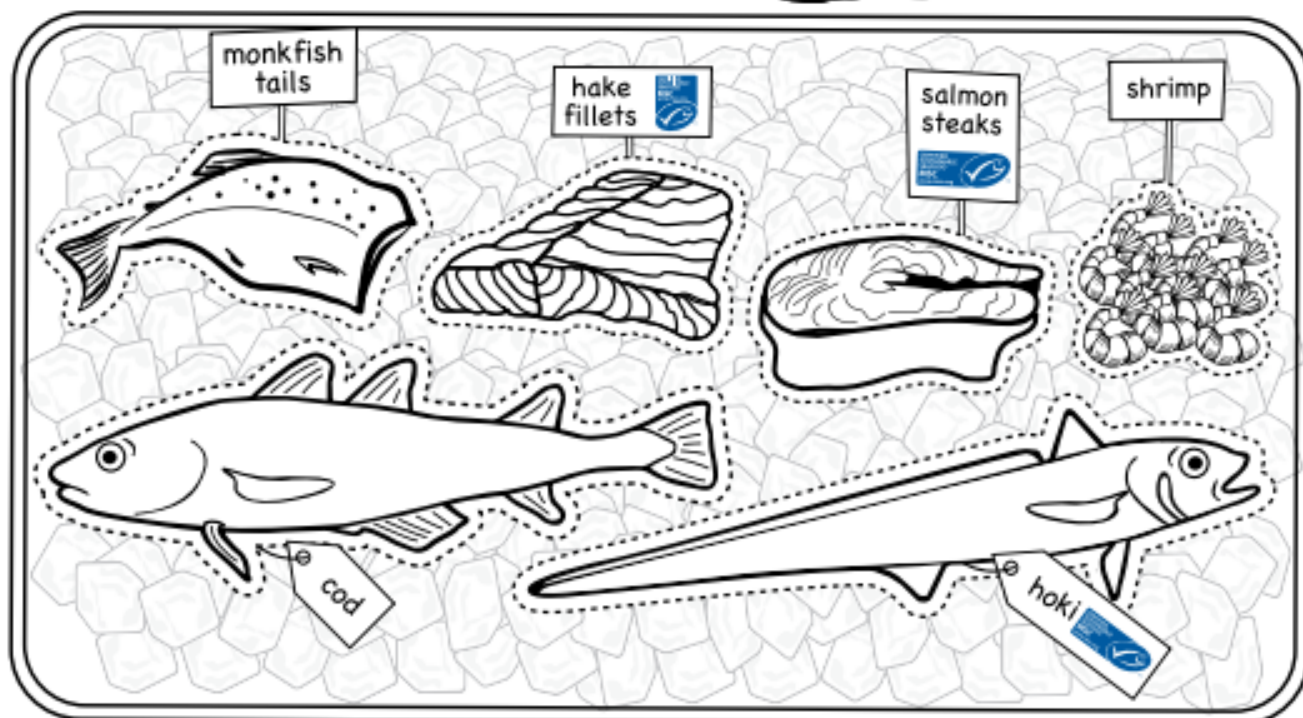

Activity sheet - Eco-labels

A visit to the shops

Help me choose what to buy for my dinner. Cut out the fish with the eco-friendly labels, put them on my plate and colour me in!

Now I know

Labels can help us decide what food to buy.
The fish tick label means that fishermen are looking after the sea.

Activity 2: Look for other fish foods in your cupboards, fridge or freezer; or look in the supermarket.

Choose 3 items:

- draw the food packaging.
- write down the bar code, best before date
- name of food
- add the blue label if there is one
