

Reception Homework – Friday 17th April 2026

Once your homework is completed, take a photo and upload it onto Tapestry. Please give it the title: Homework 26.04.2026

Activity:

In school, we have been learning about woodland animals and have been using the story of 'The Gruffalo' to support this learning. For your homework, we would like you to draw a picture of your favourite woodland animal. We have put some photos of different woodland animals onto the website along with their habitats to give you inspiration. You could even choose to draw your animal in their habitat or next to it.

Then, write what your animal is. You could label the picture or you could write a sentence about it.

Parents:

- Support your child with choosing a woodland animal to draw, using the 'Woodland Animals' file to help if needed.
- Talk to your child about their favourite animal's habitat within the woods.
- Support your child with using the phonics they know to write the words to support them with being independent (e.g. for badger, your child may write 'bajur'). This is okay as they are using what they know of phonics so far.
