

Easter Holidays

Here are some activities you might like to do during the Easter Holidays. Colour in the box when you have completed the activity.

Have an Easter egg hunt! Ask a grown-up to hide some Easter eggs for you to find. How many eggs can you find?

Grow cress heads.

Make chocolate Easter egg nests.

Compete in a family egg and spoon race!

Use your Easter egg boxes to make something creative!

Can you come up with an Easter themed word for each letter of the alphabet?

Try some planting activities. You could plant some seeds in a flowerpot filled with soil. Make sure to give them some water and put them somewhere sunny.

Ask your adult to hide the numbers 0-10 (on paper eggs) around your house or garden. Can you find them and order them correctly?

Make up a story about the Easter bunny. You could act it out or use your toys to tell the story to your family.
