Maths homework – 13th November

This week we have been looking at **pictograms** and **bar charts**. The children will need to look carefully at the pictograms and bar charts and answer the questions below. If you can't print the sheets the children can just write the answers in their homework book, they don't need to draw the pictogram or bar chart.

Which is the most common pet? _____

How many pets are there in class? _____

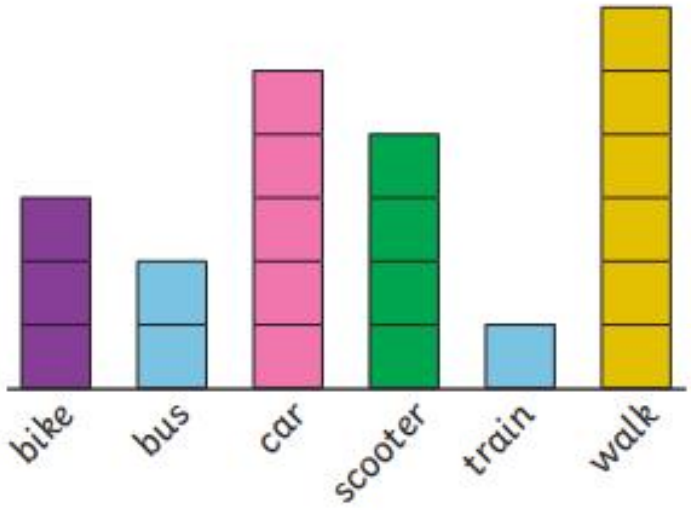

How many more rabbits than hamsters are there? _____

How many fewer dogs than cats are there? _____

Mrs Foster asked her class how they travelled to school this morning. She displayed the results in a block diagram.

Transport to School

1) How many children walked to school? ☐

2) Which form of travel did 5 children use?

_____

3) Which was the least common way to travel to school?

_____

4) How many more children rode a scooter than a bike? ☐

Spelling homework

This week the children can either complete rainbow writing or across and down. For example:

powder

o

w

d

e

r

Bridge to spelling week 2

Spellings

powder	huff	hotter	shimmer
supper	singer	freeze	fizz
